RE: Optional Flexible Year Program

The district was approved through the Texas Education Agency to implement the **Optional Flexible Year Program** for 2013-2014. This program allows students, grades K-12 who meet certain required criteria, to be excused from attendance on OFYP days established on the district academic calendar.

**December 9 – 13, 2013 and May 22, 23, 27-29, 2014 are OFYP days.**

**NOTE:** May 26 is a holiday.

If your student meets the established criteria, their last school day will be May 21.

If your student does not meet the required criteria, attendance on the days listed above is mandatory. Each day will be a regular school day, operating on a regular schedule. Attendance laws do apply.

Each campus will notify parents of student status regarding OFYP. Please contact your child's principal for more information.

Thank you,

TMISD Administration
