EDUCATION

Tuloso-Midway ISD Career \& Technical Education Description of Specific and Related Occupational Training

In the section below labeled Texas Essential Knowledge and Skills (TEKS) for Training Objective, insert the knowledge and skill statements from the related CTE course*. The Advanced Occupationally Specific Essential Knowledge and Skills section is available to add specific training opportunities otherwise not identified in the TEKS. NOTE: Add rows as needed.

NOTE: This form is intended as a template; the user may modify as needed.

[^0]
[^0]:    *A training plan should be developed for any student that participates in a CTE work-based learning (WBL) experience where the training is conducted outside of the direct supervision of the teacher. This form may be used in conjunction with any CTE course; however, the most common WBL arrangements are either a cluster specific Practicum course or Career Preparation (paid only). An unpaid training plan cannot be used for students enrolled in Career Preparation.
