The student agrees to diligently perform the work-based training experiences and conscientiously pursue the coordinated classroom course of study as outlined in this training plan. Work-based training experiences will be assigned by the training sponsor and performed according to the same company policies and regulations applicable to regular employees. The student agrees to take advantage of every opportunity to improve his or her efficiency, knowledge, and personal traits in order to pursue further education and enter the chosen occupation as a desirable employee.

The company and school are responsible for providing the student with opportunities for training in the basic skills of an occupation and knowledge of related technical information. In order to provide a systematic plan for well-rounded training, a schedule of work-based training experiences and a parallel classroom course of study have been coordinated and agreed upon by the training sponsor and CTE teacher.

It is understood that the work-based training experiences will be unpaid. In order to qualify for an exemption from wage requirements, all six of the following criteria must be met: 1) training, even though it includes actual operation of the facilities of the employer, is similar to that which would be given in a career and technical education program; 2) training is for the benefit of the student 3) the student does not displace regular employees but works under their close supervision; 4) the training sponsor derives no immediate advantages from the activities of the student and on occasion operations may actually be impeded; 5) the student is not necessarily entitled to a job at the conclusion of the training period; and 6) the training sponsor and the student understand that the student is not entitled to wages for the time spent in training.

The training period begins the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, and extends through \_\_\_\_\_, 20\_\_\_\_\_.

There will be a probationary period of \_\_\_\_\_ days during which the interested parties may determine if the student has made a wise choice of an occupational training area, and if the training should be continued. This plan may be terminated for just cause by either party without recourse during the probationary period.
